Ring Type Press TRSF **111**, use Volume keys or dial 1 - 8 for different ring tones.

Press TRSF to accept change. Refer to User guide for more options

CALL FORWARDING

60	0		Cancel Forwarding
60	1	[number]	Forward All Calls
60	2	[number]	Forward on Busy
60	3	[number]	Forward on No Answer
60	4		Forward on Busy & No Answer

The [number] field can be an extension number, voicemail number or external number. For external forwarding, you must include '0' in front of the phone number for an outside line. This is not required for extensions or voicemail

ACCESSING VOICEMAIL

To access your voicemail, and retrieve messages:

Press your flashing voicemail key or dial your voicemail number

Enter your passcode, and follow the prompts

Refer to voicemail Quick Reference Guide for further information

CONFERENCE CALLS

To initiate a Conference Call:

1. Dial the first party as per "Making a Call"
2. Whilst on the call, press the "Conference" key. This will put the first party on hold.
3. Dial the next party as per "Making a Call"
4. Whilst on the call, press the "Conference" key.
5. Continue steps 3 & 4 for as many parties as required (up to 5 parties including yourself)
6. Once all parties have been dialled, press the "Conference" key a second time to join all parties together
